PRECISION WHERE IT MATTERS MOST

Theory doesn't launch products. *Operators do.*

Whether you're a Series A biotech preparing for your first pivotal trial or a global OEM navigating a stalled launch, the margin for error is zero. You need a team that has already cleared the exact FDA, EMA, and commercial hurdles you're facing today.

WHY COMPANIES CHOOSE US

-  **We've Been in Your Seat**
Every advisor has held the operating role you're hiring for — from Series A through IPO and acquisition.
-  **Deploy in Days, Not Months**
Our 100% fractional model means you get senior talent embedded in your team within days, not quarters.
-  **Execution, Not Decks**
We don't deliver 100-page reports and walk away. We roll up our sleeves and help you ship.
-  **Global Reach, Founder Agility**
60+ experts across 12 countries with the speed and creativity of a startup partner.

HOW WE DRIVE YOUR GROWTH

We deploy seasoned operators across every critical function — from regulatory pathway through commercial launch to investor close — so you can focus on building your company.

Commercial Strategy & Go-to-Market

Market assessment, competitive positioning, pricing, customer segmentation, and full launch roadmaps — including US market entry for international companies.

Investor Readiness & Capital Strategy

Pitch refinement, financial modeling, data room preparation, mock due diligence, and phased warm introductions to investors and bankers.

Regulatory Strategy & Clinical

510(k), De Novo, PMA, and Breakthrough Device pathways. Agency interactions, pre-submission planning, and end-to-end clinical trial design.

Reimbursement & Market Access

Payer strategy, coding & coverage analysis, health economic modeling, and reimbursement roadmaps targeting hospitals, IDNs, and GPOs.

Commercial Operations & Infrastructure

Sales force design, compensation planning, CRM setup, territory strategy, and US entity creation for international market entry.

Exit Strategy & Strategic Partnerships

Acquirer identification, exit timing analysis, strategic engagement, term sheet review, and full transaction support.

Fractional C-Suite Leadership

Experienced part-time executives embedded directly into your team — CEO, CFO, CCO, COO, Regulatory, and Reimbursement roles.

Grants & Advisory Services

Full-cycle grant strategy (NIH, NSF, DOD), KOL & advisory board development, and ongoing investor portfolio support.

THE PROOF

Our team averages 20+ years of hands-on operating experience each — having personally overseen hundreds of successful global launches and managed billions in P&L revenue. We don't hand you a deck and walk away. We execute alongside you.

Stop guessing. Start executing.

Let's accelerate your path to market.
